L C E Series Laser Finishing Ejector Scraper

The LCE series scraper is a precision maintenance finishing scraper for use with medium to high horse powered tractors. This model features a roller and cylinder ejection system that evenly removes material from the bowl.

The LCE scraper is equipped with a heavy duty walking tandem which helps eliminate bounce and reduce the "duck walking" effect allowing greater control & precision while leveling.

Model	Heaped Capacity	Cutting Width	Operating Width	Weight (est)	Tires	HP required
20 LCE	18 yds³ (13.7 m³)	240" (6 m)	255" (6.47 m)	16,600 lb (7,546 kg)	(4) 21.5 x 16.1	300 - 400
16 LCE	14 yds³ (10.7 m³)	192" (4.8 m)	207" (5.2 m)	14,683 lb (6,674 kg)	(4) 13.5 x 16.1	200 - 350
14 LCE	12 yds³ (9.1 m³)	168" (4.2 m)	183" (4.6 m)	14,069 lb (6,395 kg)	(4) 13.5 x 16.1	180 - 275
12 LCE	10 yds³ (7.6 m³)	144" (3.7 m)	159" (4 m)	13,482 lb (6,128 kg)	(4) 13.5 x 16.1	160 - 225
10 LCE	8 yds³ (6.1 m³)	120" (3 m)	136" (3.4 m)	7,416 lb (3,371 kg)	(4) 26 x 12-12	100 - 175
7 LCE	6 yds³ (4.6 m³)	84" (2 m)	98" (2.4 m)	6,191 lb (2,814 kg)	(4) 11L x 16	65 - 125
