## TAILOR MADE OEM SOLUTIONS

Bell is the Articulated Truck Specialist. We focused on the World's toughest jobsites and matched them with the broadest ADT range on earth. While performance is a given with a Bell, the reason they're best sellers is they simply deliver the lowest cost per ton for your business.

Beyond earth-moving Bell has developed custom tailor-made solutions for a multitude of material handling challenges.

Options are available to cover almost every need - but if a requirement is not shown please contact us - At Bell we are passionate about delivering solutions.

With a global footprint we have vehicles operating in ground breaking applications throughout the world. Flexibility, technical support and 50 years of providing innovative solutions ensures your peace of mind.

All Versa Trucks also have the latest innovations and features that have made our D series Articulated Trucks leaders in performance, safety, ease of operation and fuel efficiency.

What ever your material moving challenge, Bell can provide a Versa Truck solution.
