C F B Series Carry All Fixed Blade Scraper

The CFB series scraper has a gate allowing it to transport material. Its bowl pivots while the blade remains in a fixed position. This fixed blade hinge design controls the blade height allowing for precision control.

The CFB has a reinforced frame, tongue, and carriage designed to comply with higher horse powered tractors and heavier load capacities.

Model	Heaped Capacity	Cutting Width	Operating Width	Weight (est)	Tires	HP required
15CFB14	15 yds ³ (11.4 m ³)	168" (4.26 m)	187" (4.75 m)	14,200 lb (5,900 kg)	(4) 17.5 x 25 (6) 13 x 24 option	300 - 400
12CFB12	12 yd ³ (9.1 m ³)	144" (3.65 m)	163" (4.1 m)	13,000 lb (5,900 kg)	(4) 17.5 x 25	200 - 325
10CFB10	10 yds ³ (7.6 m ³)	120" (3 m)	138" (3.5 m)	8,200 lb (3,719 kg)	(4) 12.5 x 16	150 - 200
8CFB7	8 yds ³ (6.1 m ³)	84" (2.1 m)	102" (2.5 m)	6,000 lb (2,721 kg)	(4) 12.5 x 16	130 - 180
6CFB7	6 yds ³ (4.6 m ³)	84" (2.1 m)	102" (2.5 m)	5,500 lb (2,495 kg)	(4) 12.5 x 16	75 - 150
